HOW TO USE THE ACTION

Please check that:

- Your photo is in RGB color mode
- Your photo is in 8bit color mode
- You are running the English version of Photoshop.

For the best results use Photos between 1500px - 3000px high/wide.

Install the action:

- Make sure your "actions" palette is open
- If not, go to Window -> Actions
- In the actions palette go to the right side menu and click on it
- This will open a drop down box
- Click on "load actions" in the drop down menu
- Find .atn file on your computer
- Select the .ant file
- Then click "open"

IMPORTANT: Load the brushes before you play the action
