

Hai, thank you for purchasing **Liquid 2 Photoshop Action**.

First thing you need to do is :

- Install or load the liquid2-action.atn
- Install or load the liquid2-brushes.pat
- Install or load the liquid2-gradients.grd

This action was made carefully using the method for multi language of Photoshop. If you are not using the English version of Photoshop, it is recommended to read the basic instruction Non-English Photoshop.

This action has been tested and working on Photoshop CS and CC version (tested in English and French version).

Don't hesitate to contact me if you need any help. Please only send me an email through my profile page or personal email here andrifmsyh@gmail.com.

BASIC INSTRUCTIONS

The video below will demonstrate how to use the action and how you can optimise the look of your design after the action has finished. The video covers some important techniques that you will want to use after the action has finished.

<https://youtu.be/ZS8RNU9qB5M>

If you are not using the english version of photoshop, you can always change it to english and then back again to your native language using this method below.

<https://www.youtube.com/watch?v=GJAiu5W2gLE>

BEFORE RUN THE ACTION

1. Set photoshop to RGB color mode.
2. Set photoshop to 8bit color mode.
3. You are running the english version of photoshop.
4. If you are experiencing errors, try resetting your Photoshop preferences.
To do this, hold down Alt+Ctrl+Shift keys (Mac: Command+Option+Shift) while starting up photoshop. A dialog box will appear asking if you wish to delete the preferences/settings file.
5. Avoid using small resolution images.
For the best results, use Photos between 1500px - 3500px high/wide.

HOW TO INSTALL THE ACTION

1. Inside photoshop go to the "Window" menu and select "Actions" then a window will now appear to the right hand side.
2. Inside the Actions window, click on the top right hand corner icon to reveal the drop down menu. From here select 'Load Actions...'. Select the action which came with the download.
3. The action will now appear in the actions panel.

HOW TO USE THE ACTION

1. Open a photo to work with.
2. Leave the photo layer locked and set as the 'Background'. For instructions on how to set your photo as the background, please refer to the beginning of the video tutorial.
3. Create a new layer above the background layer called 'Selection'.
4. With the 'Selection' layer selected, brush onto the areas of your photo that you want to apply the effect to.
5. Now click play on the action.

If you need any help with the action please email me and please don't forget to rate 5 stars if you like this action. Your support is highly appreciated.
