## 2. HOW TO USE

Open your photo in your photoshop, open "Glitched PS Action" folder inside Actions Panel, you'll find 2 actions "Play All Glitched Effects" and "Custom Glitched Effect", with the first action you'll get all the glitched effects in 1 folder you can choose from 1 or more of the 6 glitched effects ( See Screen 1).

if you want to custom your glitch you can do it, just play the second action and follow the steps in the screen from 2 to 5 to custom the glitch pattern depends your photo.
