

# Info and Quick Guide

*Snowy 300 DPI Text and Shape – Photoshop Actions*

Great tool for Flyer Titles, Games, Apps and other advertising designs. Works in Photoshop CS3+

## Features:

1. 4 Actions with different results
2. Hi-res 300 DPI
3. Works with many fonts in different font sizes and also with shapes and vectors
4. 1 ATN File – with all Actions
5. Creative results

## How to apply Actions on your own Text:

1. Open your Photoshop and start **New Document 300 DPI (RGB)**.
2. Now Choose OPEN from Menu -> File and open **snowy-actions** (ATN file) **snowy-patterns** (PAT file) and **snowy-brush** (ABR file).
3. You need to do the step above only once. Now use your text tool to write some text (any color) or make some shape. **IMPORTANT ! Place your text in the center of your document.**
4. Now hit Alt+F9 (Mac users Cmd+F9) to open the Actions window.
5. Collapse the Snowy Actions folder.
6. Choose your wanted action and Play it.
7. Done.
8. If You are not happy with the final effect, try to scale your text up or down, before You play the Action or you can try to move it in different places of your document to get some interesting results.
9. If You have some troubles with playing the Action, You can contact me for support via my profile - <http://graphicriver.net/user/survivor>

**TIP:** The results may be different with different fonts and scales . Try to experiment.

**Thank You for buying these Actions and don't forget to check my other actions:**
