

INSTRUCTIONS

- 1** First of all, **open the image** in Photoshop.

- 2** Create a **new layer** and **paint the area** you want to apply the effect.

- 3** Rename new layer to **“Brush”** (with capital B).

4 Load Photoshop action **double-clicking** the **file**.

Glowing Light.atn

5 Open the actions panel, go to **Windows > Actions** or press **Alt + F9 / Option + F9**.

6 Now, select the action you prefer and **click play**.

***If you need further instruction please do not hesitate to contact me through my profile page.**

QUESTIONS OR ISSUES?

1 Make sure you are using the **English version of Photoshop**.

Photoshop > Preferences > Interface or Press Cmmd + K / Ctrl + K

2 Your photo is in **RGB color mode, 8 Bits/Channel**.

Image > Mode

- 3** Check you have the checkbox ticked for **“Add Copy to Copied Layers and Groups”** inside the layer panel options.

Go to the top right hand corner icon in the layer panel and select Panel Options.

- 4** Be sure the document has a layer called **"Background"** and **"Brush"**.
