

Hi, Thank you for your purchase!

Before playing the action

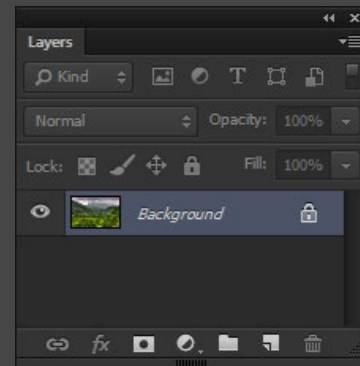

1. This action has been tested and working on Photoshop CS3, CS4, CS5, CS6 & CC in English versions.

If you're using Photoshop in another language This video shows how to change it temporarily:

2. The image should be set as "Background". If it is not, go to "Layer > New > Layer from Background..."

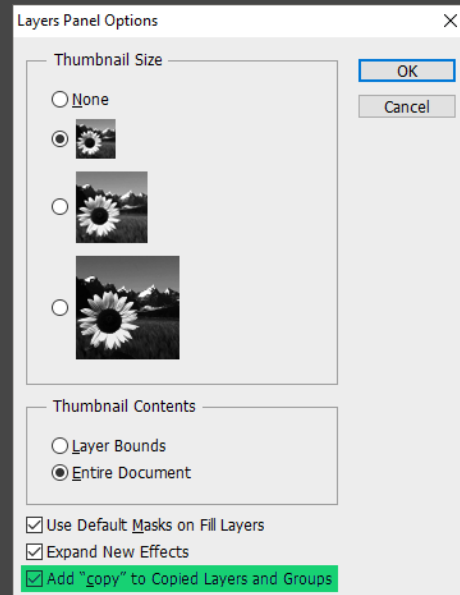

Also, make sure there are no layers above the Background layer!

3. Your image must be in RGB color mode . To set the RGB color mode: Go to "Image > Mode > RGB Color" and "Image > Mode > 8 Bits/Channel"

4. (Just for CS5 and higher versions) Click on menu icon at the right on "Layers" panel and go to "Panel Option...", and check the "Add "copy" to Copied Layers and Groups".

Load in Photoshop

Simply double-click on the Action file. It will automatically open in Photoshop. Or open Photoshop, go to the "Window > Actions" Now click on the upper right arrow and choose in list "Load Actions..." then find the action on your computer and open it.

The action will now appear in your Action Panel and ready to use.
Good luck!

Please note: Before install the action, make sure the action pack you have been downloaded is already unzipped.
