

# 3D LOGO MAKER

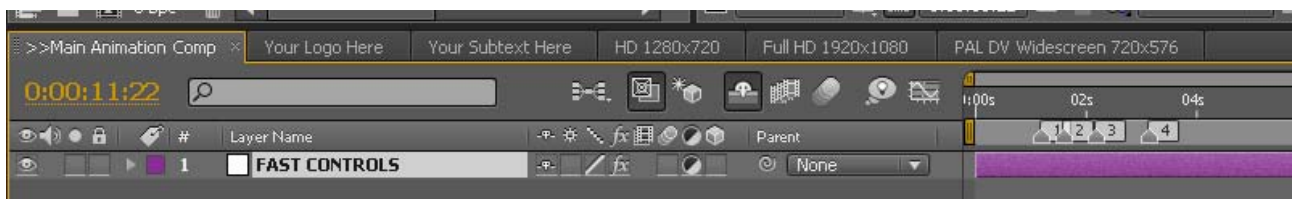

There is three versions of .aep projects included.

- 3D Logo Maker.aep - Two prepared animation montages for dubstep tracks and the actual „Logo Maker“ for fast montage and editing.
- Clean - 3D Logo Maker.aep - Clean elegant logo animation.
- Ladder Promotion Text - 3D Logo Maker.aep - Elegant logo animation for company, with corporate text showing companys details and numbers.

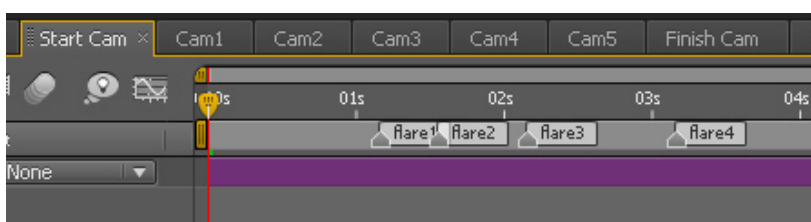

## FAST CONTROLS

Expression linked fast controls are all ready in effects of layer “FAST CONTROLS” which is color coded in **Purple**.

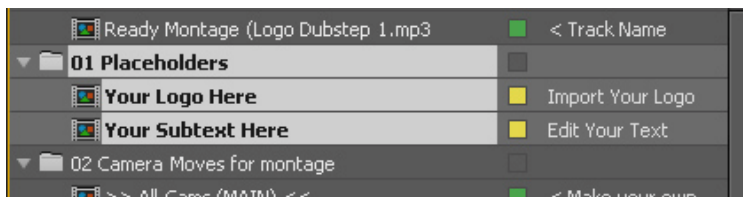

Fast controls can be found in “>>Main animation” composition in projects Clean - 3D Logo Maker.aep and Ladder Promotion Text - 3D Logo Maker.aep.

In 3D Logo Maker.aep fast controls has to be changed for each cameras “Cam” separately.

## PLACEHOLDERS (LOGO and TEXT)

Main Text or Logo placeholder composition is in the project window, called „Your Logo Here“, subtext can be edited in „Your Subtext Here“ composition.

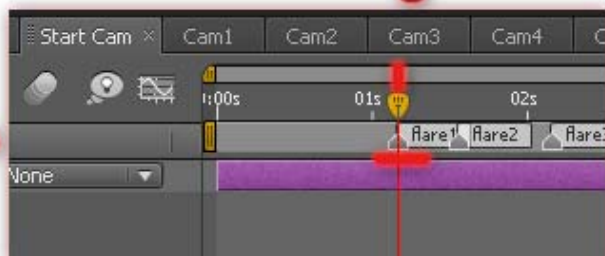

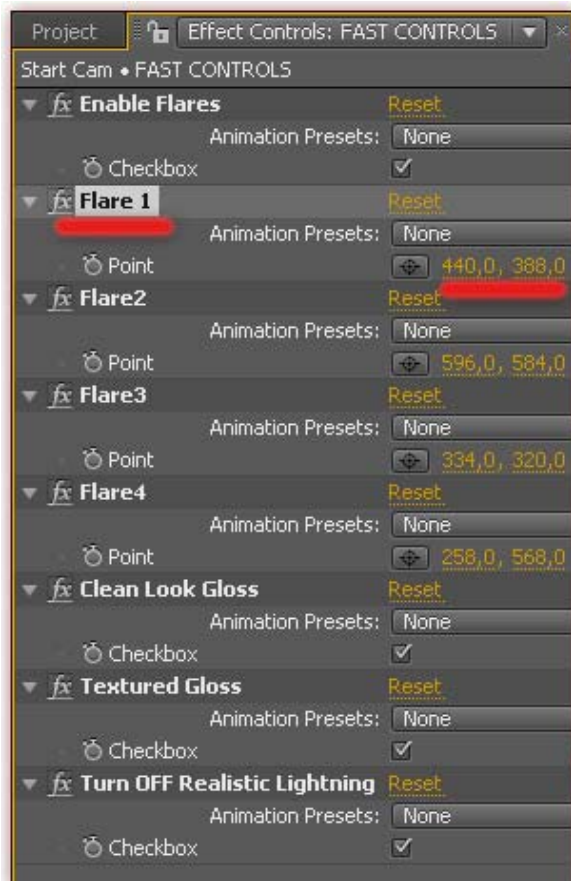

Simply drag and drop your logo into project window. Then drag it into “Your Logo Here” Composition.

## FAST CONTROLS (EFFECTS)

Select a „FAST CONTROLS“ layer, then go to effects of it.

Enable Flares, and then you can place each flare onto your logo. It is done so because logos may vary in form and also because you may want flares in different places.

Basically you need place time marker onto flare place (when flare is activated) then select Flare1 effect and then place the flashing flare where you want it to flash. Then select effect Flare2 and repeat the process.

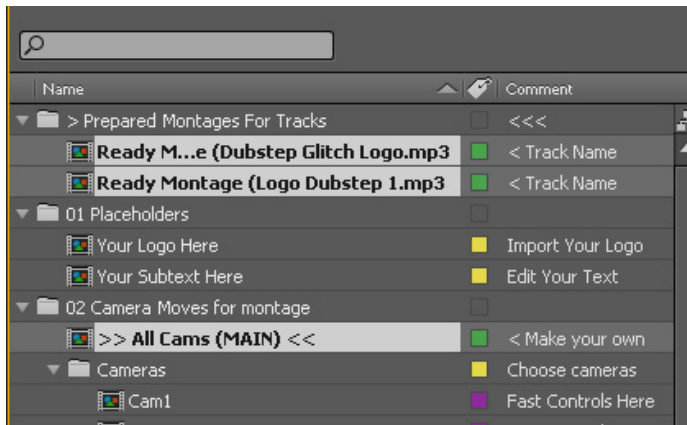

- Clean Look Gloss - Activates glossy surface
- Textured Gloss - Activates textured shiny lines and makes surface look plastic carbon stylish.
- Turn OFF Realistic Lightning - Turns off realistic lightning of the logo. Use it if you use text instead logo.

**NOTE:** in “3D Logo Maker.aep” you have to select effects for each “Cam”.

## RENDERING OUT

Choose and render out the comps which are color coded in green.
